The screenshot shows the WordPress dashboard for 'Super Motors Magazine'. The left sidebar contains navigation links: Dashboard, Posts, Media, Pages, Comments, WP AutoTerms, Contact, Appearance, Plugins (highlighted), Installed Plugins, Add New, Plugin Editor, Users, Tools, and Settings. The main content area is titled 'Plugins' and includes an 'Add New' button. It features several notification boxes: a red one about cache plugins, a green one about email confirmation, a blue one for 'Social Media and Share Icons (Ultimate Social Media)', and a large green one for 'Set up your Akismet account'. Below these is a message from YARPP asking for a 5-star rating. A search bar for installed plugins is present. At the bottom, a table lists installed plugins, with 'Akismet Anti-Spam' highlighted. The table has columns for 'Plugin' and 'Description'.

WordPress posts are date-dependent and chronological and this separates them from pages which are date-independent and not really related to any other piece of content on the site. Posts were originally designed to be ordered by date, with a post you created yesterday logically appearing lower down the page than a post you make today. Newer posts are inserted at the top of the page, and older posts are pushed off the bottom.
